H&P by Dana Placeholder, MD at 3/3/2025 4:30 AM

History of Present Illness

61 year old admitted with three weeks of fatigue and five days of yellowing of the eyes and dark urine. Started an over-the-counter turmeric and green tea extract supplement about six weeks ago. Atorvastatin 20 mg daily started two months ago by outpatient physician. Reports one to two beers per week. No travel. No prior liver disease known.

Physical Exam

General: No acute distress. Neuro: Alert and oriented x3. No asterixis. Abdomen: Soft, mild right upper quadrant tenderness. Skin: Jaundice.

Medications

Atorvastatin 20 mg daily (held). Supplement: turmeric with green tea extract (held).

Assessment and Plan

Acute hepatocellular liver injury. Leading consideration drug or supplement induced liver injury. Check viral hepatitis panel, acetaminophen level, autoimmune markers, and ultrasound with Doppler. Hold statin and supplement. Trend liver panel and INR daily.
