

Therapy Evaluation

Signed: 3/5/2025 3:30 PM

Physical Therapy Evaluation by Riley Sampleton, PT at 3/5/2025 2:00 PM

Cognition

Oriented to self and place, not to date or situation. Required repeated cues.

Observation

Bilateral asterixis present with sustained wrist extension.

Mobility

Moderate assist for bed to chair transfer. Ambulated 15 feet with rolling walker.
